Interested in exploring engineering. Want to know what they do and how they impact the world. Come to the Cadette Think Like an Engineer Journey Workshop and learn how engineering makes the world a better place.

We'll learn how Engineers go about researching challenges and using their expertise in overcoming them and make the world safer, more accessible and even fun. Engineers impact everyone on a daily basis whether is it building roadways and bridges, prosthetics for people and animals or pushing the envelope to build fun but safe rides or launching women into space. They also work in areas that make computer games, assistive software and your favorite social media site. Almost everything you touch on a daily basis began with an engineer.

Workshop minimum is 12 maximum is 24. **Cost for the workshop is \$36.00 and includes badge, snack and materials for workshop. Please plan to arrive 15 minutes before start time for check-in. We will start promptly. Girls should bring their own refillable water bottles.** Girl Scouts in 6th-12th grades are welcome to attend. Please no siblings or others unless registered.
